

Friends of Willow Park Inc.

Educating and involving the community in protecting,
preserving and valuing parklands

**Have you ever wondered if that plant is a weed?
Ever wondered what are the best removal and
control techniques for particular weeds?**

Then come along to our:

Weed Identification Workshop

Expertise provided by:

Sue Brunskill

Sue teaches at TAFE NSW's National Environment Centre and specialises in natural area regeneration and permaculture. *Friends of Willow Park* are thrilled to announce that Sue will share her extensive expertise in botany with us in Willow Park. Sue will explain some simple ways to identify weeds, show us weeds in the field and talk about the best control and removal methods for different weeds.

Don't miss this wonderful opportunity to participate in an interactive and informative workshop as Sue shares her expertise with some hands-on identification of weeds. Bring, sunscreen, hat and water.

Where: Willow Park, meet at the BBQ area
Date: Thursday 11 March 2010
Time: 6 pm - 8.30 pm

Light meal provided.

**RSVP for catering purposes to Alison Mitchell by 9 March,
